

WBFSH MEMBERS - ANNUAL REPORTS 2021
(Significant Developments in 2020)

WBFSH Studbook	Member status	SB Code	Significant new developments 2020
ACE Studbook - Australian Continental Equestrian Group Inc (ACE)	FULL	ACE	Optimism for the 2020/2021 breeding season where our Semen Import program attracted a record number of frozen semen purchased.
Anglo European Studbook (AES)	FULL	AES	AES now runs a DNA lab in the Netherland(AES Genetics) AES now also has a daughter society that's recognised in the Netherlands(stichting Anglo European Studbook)
American Hanoverian Society (AHS)	FULL	AHS	Actually completed the inspection tour for 2020; started video inspections
American Trakehner Association (ATA)	FULL	ATA	We have begun requiring the publication of WFFS for stallions and testing for all approved stallions. Additionally we added new options for stallion performance testing.
Australian Warmblood Horse Association Ltd (AWHA)	FULL	AWHA	Due to COVID-19 during 2020, a lot of proposed developments were hindered. We are hoping to re-visit these projects later in 2021.
Breeders Elite Studbook for Irish & European Sports Horses (BE/SIES)	FULL	BE/SIES	Introduced an ownership/breeding insert certificate for passports.
Associaçao Brasileira de Criadores do Cavalo de Hipismo (ABCCH)	FULL	BH	No have new developments during 2020.
The British Hanoverian Horse Society (BHHS)	FULL	BHHS	Video assessments for mare grading and foal assessments were available due to Covid travelling restrictions.
Belgian Warmblood Association / Belgisch Warmbloedpaard v.z.w. (BWP)	FULL	BWP	New data operating system.
Criadores de Caballos Deportivos Mexicanos, A.C. (CCDM)	FULL	CCDM	Veterinary inspection carried out by veterinarians authorized by the Mexican Equestrian Federation.
Pferdezuchtverband Sachsen-Thüringen e.V. (DSP SATHÜ)	FULL	DSP	New Breeding Value HEK
Eastbulgarian Horse Association (EBHA)	FULL	EBHA	new breeding program, new national studbook licence for period 2020-2030
Estonian Sport Horse Breeders Society / Eesti Sporthoubuste Kasvatatjate Selts (ESHB)	FULL	ESH	Breeding stallions X ray evaluation system generated and taken into practise.
The Finnish Horse Breeding Association / Suomen Hippos ry (FWB)	FULL	FWB	developing electronic services for breeders – Heila database – advanced Breeding system https://heppa.hippos.fi/jalostus/
Sportlőtenyészők Országos Egyesülete (MSLT)	FULL	HSH	the horse breeders. In 2020 the number of the inspections were the highest so far, both with the mares, stallions and foals.
Irish Sport Horse (ISH)	FULL	ISH	Covid-19 impacted on a number of events in Ireland
International Sport Horse Registry / Oldenburg Registry NA (ISR/OLD NA)	FULL	ISR/OLD NA	video inspection of foals registration by mail due to several cancelled inspections (Covid-19)
Koninklijk Friesch Paarden-Stamboek (KFPS)	FULL	KFPS	Approval of the pilot Presentation Days for the benefit of the Stallion Inspection trajectory Agreements about carnage and approval. Membership of the WBFSH was a mile stone in 2020.
Koninklijk Warmbloed Paarden Stamboek Nederland / Royal Warmblood Studbook of the Netherlands (KWPN)	FULL	KWPN	Updated genetic parameters for sport breeding values implemented. New conformation traits added to evaluation system for riding horses and harness horses
KWPN of North America, Inc. (KWPNNA)	FULL	KWPN NA	No major new developments for 2020. A fairly static year.
Lithuanian Horse Breeders Association (LHBA)	FULL	LHBA	LHBA approved the Studbook of Lithuanian Riding Ponies
Latvian Horse Breeders Association aka Latvian Warmblood Studbook (LWB)	FULL	LWB	2020 issued breeding stallion catalogue, including 90 breeding stallions eligible for the implementation of the programm natural covering and 83 foreign stallions - for the use of a bioproduct Organized Latvian warmblood horse show as final of young horse evaluation "Autumn Pearl 2020" with a view to promoting horse breeding the results of breeding in Latvia and abroad, and to increase people in the horse use in the marketing of breeding. View was there is also a live broadcast. Also at 2020 LWB made linear profiling computer programm and app for users - judges. And linear profiles was included in horses description on LWB database https://lwhorse.lv/ .

WBFSH MEMBERS - ANNUAL REPORTS 2021
(Significant Developments in 2020)

North American Studbook (NAS)	FULL	NAS	Steady growth in stallion approvals, foals and horse registration, members.
Norwegian Warmblood Association / Norsk Varmblod (NWB)	FULL	NWB	Still working on the transfer to Equis.
New Zealand Hanoverian Society (NZHS)	FULL	NZHS	There has been a considerable increase in the number of foals registered - and in the number of new mares inspected for the Stud book - even though we did not have a Hanoverian Verband visitor due to Covid restricting travel
New Zealand Warmblood Association (NZWA)	FULL	NZWB	We have a "Virtual" Classification Tour for our foals this year done via video footage as the European inspectors can not fly to New Zealand due to Covid restrictions
Asociación Nacional De Criadores De Caballos de Pura Raza Española - National Purebred Spanish Breeders' Association of Spain (ANCCE)	FULL	PRE	Last year, the Purebred Spanish Horse Stud Book (LG PRE ANCCE) registered 12,360 new PRE horses in its birth register (6074 colts and 6286 fillies), which is a 11% increase over 2019. Thus, the breed census as of December 31, 2019 was 252,852 horses (125,842 stallions and 127,010 mares) from 38,479 active stud farms in 66 countries. Of the newly incorporated PRE breeders registered, 42% are from outside Spain - mostly from Germany, USA and Italy. On the other hand, 58% are from Spain. In terms of the other services offered by the PRE Stud Book office (LG PRE ANCCE), 4639 assessments as Basic Breeding Stock were carried out. Likewise, there were 9261 changes of ownership. It is noteworthy to mention assessment trips abroad by official PRE Stud Book veterinarians who visited 23 different countries including Russia, Norway, Morocco to mention a few. This shows the excellent results from promotional efforts carried over recent years to make the breed more popular. The PRE Stud Book office, after the follow-up audit, has maintained its quality certificate of UNE-EN ISO 9001:2015 standards and certifies the correct and effective implementation of the quality system. This is renewed backing for the excellent work undertaken and one that has a direct effect on efficiency and the improvement of the services offered by the office to Purebred Spanish breeders the world over. In 2019 and thanks to the efforts over the past sixteen years of the PRE Breeding Program, the PRE Stud Book office web site published 149.993 genetic assessments for aptitude for conformation and 14.734 for Dressage. Moreover, the list of the 100 best horses (stallions and mares), based on their genetic index for Dressage and conformation aptitudes, has also been published. Breeders are provided with this valuable information free of charge, as well as all of the data contained in the Purebred Spanish Horse Breeding Stock Catalog. This catalog is an extremely useful tool that contributes to propagating improved PRE genetics. It increases the genetic progress in future generations where improved productivity is needed, thus allowing breeders to have a
Associação Portuguesa de Criadores de Raças Selectas / Portuguese Sport Horse Studbook (APCRS)	FULL	PSH	We continue to visit Breeders and to carry on approving Mares and Stallions for our Studbook
Stud-book sBs / Le Cheval de Sport Belge (SBS)	FULL	SBS	Improvement of the SireCloud IT programm. New magazine format since July 2020 published bimonthly
Stud-book du Cheval de Selle Luxembourgeois (SCSL)	FULL	SCSL	The frame work conditions for the breeding of the "Cheval de Selle Luxembourgeois" were last amended on the basis of the breeding programme on 5 april 2021, in accordance the the zootechnical regulations of the European Union. Redesigning the SCSL stallion licensing process. Complte restructuring as of 2020.
Stud Book du Cheval de Selle Français (SBSF)	FULL	SF	Development of auctions: horses which are qualified on national breeding shows (2-year-old males, foals, 2 and 3-year-old filly, 3-year-old eventing horse) can be presented on Selle Français auction New website for stallions approved SF (www.etalonsf.fr) with: catalogue of young SF stallions, overall study and individual files about offspring statistics, index of conformation-pace-free jumping characteristics for stallions approved SF.
Studbook La Silla (SLS)	FULL	SLS	analysis of offspring results per stallion
Swedish Warmblood Association (SWB)	FULL	SWB	The calculation of descriptive breeding values, based on the linear scoring system, was extended to comprise data from the Riding Horse Test (for 4-year-olds under rider) as well as data from the SWB Stallion Performance Test. Before, those calculations only included data from the Young Horse Test (for 3-year-olds, assessed in freedom and in free jumping). This resulted in more horses getting descriptive BVs and also BVs for some new traits, ie traits describing temperament and rideability. All breeding values are published officially in our open database www.blup.se.
Verband der Züchter und Freunde des Ostpreussischen Warmblutpferdes Trakehner Abstammung e.V. (TRAK)	FULL	TRAK	In 2021 all foals will be SNP typed instead of microsatellite technic.
Warmblood Studbook of Ireland	FULL	WSI	1. WSI's genomic selection programme continued in 2020 with more Irish Warmbloods tested for the genes associated with osteochondrosis (OC). The Irish Department of Agriculture, Food, and the Marine provided partial funding that allowed WSI to offer the test for free to every eligible foal registered in 2020. 2. WSI became carbon negative in 2020 by transitioning to 100% renewable "green" electricity and by purchasing carbon offsets. These actions allowed WSI to go beyond carbon-neutral to carbon-negative status. The carbon offsets support green projects in developing countries.
The Slovak Warmblood Studbook (ZCHKs)	FULL	ZCHKs	processed acceleration program support for breeders, stallions performance 145 cm and for mares 130cm
